

Item	P	I	Risk (P*I)	Recognized
I catch CoViD	5	40	200	14-Jan-21
My gecko is not working	3	20	60	14-Jan-21
Develop physics task with proper project setup	20	40	800	19-Mar-23
Develop cart physics	40	40	1600	22-Mar-23
Develop cannon	40	40	1600	22-Mar-23
Develope bombs throwing off canyon	40	20	800	22-Mar-23
Can't combine all three physics aspects	40	70	2800	22-Mar-23
Struggle to create winning condition	20	20	400	22-Mar-23
Spill water on my gecko board while working	5	70	350	22-Mar-23

Mitigated/ Resolved	ROAM	How
Mitigated	M	learned instructor has extension possible
	O	Test it. If mine not working, contact instructor
Resolved	R	Unit tested tasks and inputs to ensure working order
Owned	O	Focus on just making the cart work first
Owned	O	Focus on just making the cannon work on its own
Owned	O	Focus on just making the bobs work on its own
Owned	O	Should not be an issue if proper unit tests take place
Owned	O	Will be last issue to resolve in the game
Accepted	A	I will be proactive about keeping my board dry
